| 9 | Guarantee | Quality ,delivery time by CEO and trade assurance Time :12month |
| 10 | Main production | Filling machine , capping machine , labeling machine ,sealing machine, printing machine, carton machine ,wrapping machine |

INSTRUCTION

Operation principle

A03 type manual paste and liquid filler adopt piston structure, it can fill paste and liquid quantified from 5-50ml. Structure is simple and reasonable, manual easy operation, without any energy.

Main parameter

| | |
|-------------------------|---|
| Product name | Small manual filling machine |
| Working speed | 20-40 times / minute |
| Total Weight | 15kg |
| Filling nozzle diameter | 7mm×8mm (inner diameter × Outer diameter) |
| Filling range | 0-50ml (External knob for adjustment) |
| Dimensions | 340 × 340 × 780 mm |
| Filling accuracy | ±1% |
| Hopper volume | 10L |

APPLICATION

Core Components

- ① sus 304 CNC cutting stable base
- ② sus 304 food graded hopper
- ③ Anti - drip design

1. Stable base support whole body

- » The stable stainless steel base assures the machine to work steadily and smoothly

VS

2. Satinless steel 304 material, thickened to 1.5mm

» Do polish for both inside and outside hopper

A grade SS304
Thickened to 1.5mm
Both sides polishing

VS

Low grade quality
Thin layer
Curved

3. Anti - drip Design

» Filling nozzle welding process, make sure the nozzle firmly

Welding process,
firmly

VS

Glue process, easy
fall off

Double-layer double-sided used sealing ring, 100% guarantee No drip!

double sealing ring

VS

single sealing ring

Fluoro rubber oil sealing, Heat resistance, oxidation resistance, oil resistance, corrosion resistance

Fluoro rubber

VS

common rubber

PACKING

- Step 1: Shrink wrapping the machine body and hopper, to avoid scratching.
- Step 2: Put more foam inside the carton, to best protect the hopper.
- Step 3: Final carton wrapping with film and tape. Sticker the carton mark. Most safety arrived you.

Our Team

Buyer's concern

How to clean the machine?

1 Remove The Screw

When the machine leaves the factory.

The piston is lubricated to protect the machine.

We recommend that you clean the machine before using it.

2 Unloading Hopper

3 Clean the Machine

How to Adjust filling range?

What's the easy consumer spare parts?

Package Content:

1. A03 Manual Filling Machine X1.
2. Nozzles (4mm/8mm) X1.
3. O-Rings
4. Inner hexagon spanner X2.
5. Guide Manual X1.

Can order **more rings** for backup

AMAZON Price much more cheaper than you, why order from you?

01

Amazon: No professional technical team give customer the professional recommend. As know, the most suitable is the best, not the cheapest.

Our team: We have professional technical and after sale team, give **24 hours*7 days on line service**.

02

Amazon: No shop, No supply. Which can not guarantee the products are the most upgraded model, not the latest production.

Our shop: R&D department do different design. Help customers increase production capacity, and obtain the maximum benefit.

Visit our website, <https://dchpack.en.alibaba.com>

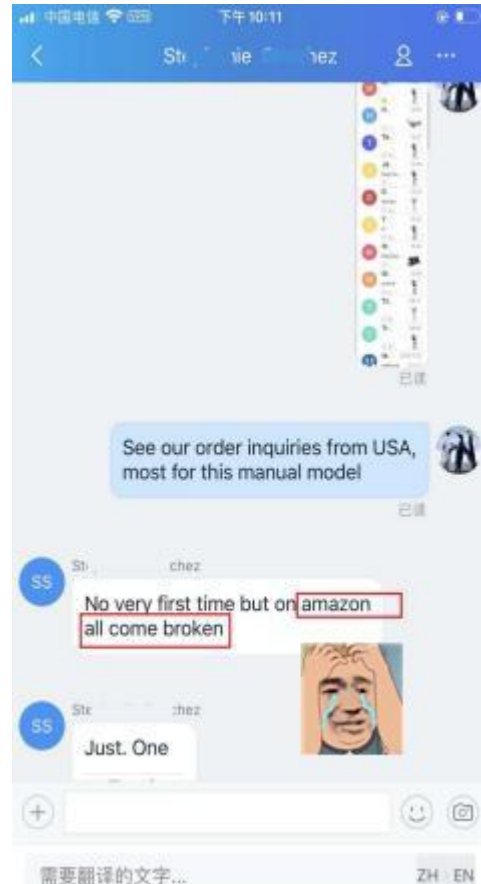

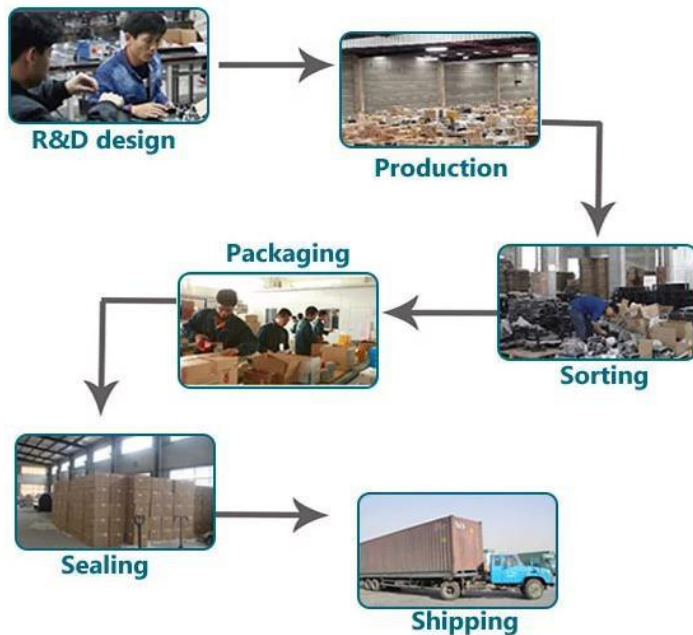

Support different kinds of packing product

03

Amazon: No inspection team

See the bad feedback from one of our buyer. "Amazon, all come broken" Too bad!!
